

Dear FDA,

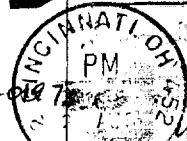

Response to docket #s

98N-1230, 96P-0418 + 97P-0472

Looking for ways to reduce
Salmonella enteritidis? Look at
studies by the USDA. Studies
show that molting chickens
severely weakens their immune
systems causing a great increase in
Salmonella infections. A study
presented at the 1998 AVMA Symposium
on food safety, which stated that
(control of Salmonella enteritidis in
humans) will require preventing
infections in egg-laying... chickens.
The solution is simple: Eliminate

World Vegetarian Day was established by the North American
Vegetarian Society in 1977 as an annual celebration to
promote the joy, compassion and life-enhancing possibilities
of vegetarianism. For more information on meatless
diets contact: NAVS, PO Box 72WC, Dolgeville NY 13329.

induced molting practices

Sincerely, Susan Huisman
